

INTRODUCTION TO ECMC NETWORK

A Network of 18 Adult & 9 Paediatric Centres

Each ECMC is awarded ECMC status and funding, in **strict competition** with evaluation from an international scientific expert panel

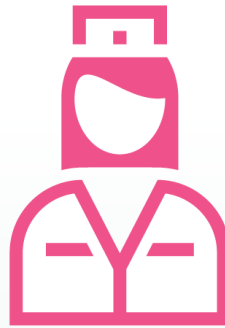

Our **vision** is to build a truly collaborative, internationally competitive, national network of early phase experimental cancer medicine centres, translating the most promising innovations from the academic and industry sectors into the cancer medicines of tomorrow

Who Do We Fund?

14%
DATA MANAGERS
TRIAL
CO-ORDINATORS

26%
RESEARCH
NURSES

RADIOLOGY STAFF

Where Do We Fit In The Cancer Research Pathway?

ECMC Research Nurse Network Group

- **Workshops and training days:**
looking at the role of the research nurse and specific 'hot' topics
e.g. repeat tumour biopsies, genetics, biomarkers, personalised medicine
- **Sharing best practice** – out of hours survey & patient experience survey
- **Introduction to early phase cancer trials training day**
- **Cross-centre placements and skills sharing scheme**

Who to contact?

- **ECMC Secretariat:**

ECMCAdmin@cancer.org.uk or hannah.brown@cancer.org.uk

- **ECMC website:**
