

Come and join the ECMC Research Nurse Network Group Steering Committee

We are looking for a few new members to join the committee. This is a great opportunity as members will have the chance to:

- Develop your leadership and organisational skills at a national level
- Increase your knowledge and awareness of the national early phase nursing agenda and influence ECMC nursing strategy
- Help shape the work being done by the ECMC Research Nurse Network Group
- Work on specific projects that match your expertise and enthusiasm
- Network with other research nurse leaders working across adult and paediatric ECMCs
- Increase your understanding of the ECMC and contribute to delivering the ECMC Network Strategy

Who are we looking for:

- Any research nurse based in an ECMC location
- Mix of adult and paediatric research nurses working with solid tumours or haematology
- The membership aims to reflect representation from across the ECMC network, with members who value a team approach and are prepared to share their time

What would I need to do?

- Attend the quarterly steering committee meeting to set and review the group's workplan, discuss membership and work on specific projects. Most of these meetings are online with one per year a full-day in-person meeting.
- Attend ad-hoc meetings to work on specific projects
- Contribute up to 4 hours per month on network projects and reviewing network documents

Current projects

- National online educational resource for cancer patients
- Early phase research nurse universal starter induction
- Research Nurse training
- Nurse-led research

Process:

If you are interested on becoming a member of the steering committee:

- Send Hannah (hannah.brown@cancer.org.uk) a short paragraph about why you would like to be part of the steering committee by **Friday 3 May**
- The ECMC Programme Office will get back to all applicants regarding their decision by **the end of May**.
